

A multi-level review approach to maximize opportunities for claims savings

American Health's Medical Cost Containment provides a comprehensive solution for clients, verifying that charges billed are appropriate for the care provided. This unique approach begins with a thorough assessment of pre-paid claims by our internal experts. Clients are then presented with detailed findings and recommendations through American Health's Bill Review, Out-of-Network Negotiations or Bill Audit services.

Additional savings may be available when combined with American Health's medical management services.

Identifying Questionable Charges:

- Incorrect
- Inconsistent
- Unjustified
- Coding Errors
- Upcoding
- Unbundling
- Erroneous

Bill Review

A Bill Review identifies outright, visible billing errors.

Out-of-Network Negotiations

Out-of-Network negotiations provides negotiations on out-of-network charges using reasonable and customary rates and historical experience.

Comprehensive Bill Audit

The Comprehensive Bill Audit is a detailed line-by-line review that checks for medical bill errors such as unbundling charges or coding discrepancies.

- Program Highlights -

A consultative, multi-level review solution to maximize client savings working with an internal expert

Free prescreen analysis on each bill within 48 hours that includes a review of the plan documents, PPO and stop loss contracts, and a suggested approach to obtain savings

Additional savings opportunities through American Health's medical management services

Clients save an average of 28% when using Medical Cost Containment.
